From 2016 to 2019 Tamellalet High School Tamellalet

PROFESSIONAL EXPERIENCE

● Full Stack Engineer - Internship

From July 2023 to August 2023 TAMTAM Marrakesh

During my internship at TAMTAM, I gained practical experience working with cutting-edge technologies such as Next.js and React. I successfully developed multiple applications utilizing these technologies, showcasing my proficiency in front-end development and my ability to create dynamic and engaging user interfaces.

● Full Stack Developer - Internship

From April 2022 to June 2022 University Cadi Ayyad Marrakesh

I completed my internship at Cadi Ayyad University : FSSM Marrakesh, where I developed a web application for managing the facilities of the faculty using Angular and Spring Boot.

● Full Stack Developer - Internship

From April 2021 to June 2021 SEOCOM Marrakesh

I completed my internship at SEOCOM company, where I worked on two projects. The first one involved developing a construction apartment website using WordPress, while the second project was focused on creating a car rental web application using Laravel and Bootstrap.

PROJECTS

● Web Application: Laboratory Financial Management

2023 Cadi Ayyad University Marrakesh
